Title : DEVELOPMENT OF TYPICAL CERAMIC
FUEL METERING DISCS FOR
AEROSPACE APPLICATIONS**Document No.**

PD MT 9334

Date of Issue: Dec 1993**Author(s)** : P K Panda, L Mariappan,
A Cheluvvaraju, T S Kannan**Contents** 18 pages
7 References**Division** : Materials Science**No. of copies:** 20**External
participation** : --**NAL Project No.**
I-8-113**Sponsor** : --**Sponsor's Project No.****Approval** : **Remarks** : --**Keywords** : Fuel Metering Discs (FMDS), Pyrophyllite, Alumino-
Silicate, Dehydroxylation, Thermal Expansion**Abstract** : The development of an alumino-silicate based fuel
metering disc for aerospace applications and its
characterisation is described.
